

Результаты автоматического тестирования

Тестирование средствами artisan

```
PASS Tests\Feature\AuthTest
✓ unauthorized
✓ authorized

PASS Tests\Feature\CRUDTokenTest
✓ create
✓ read
✓ read one
✓ update
✓ delete

PASS Tests\Feature\ContactTest
✓ get for exist user

PASS Tests\Feature\LdapAuthTest
✓ auth in application

PASS Tests\Feature\ModelsConnectionsTest
✓ user
✓ project

PASS Tests\Feature\ReportHoursTest
✓ short report by simple sum
✓ report by project by simple sum
✓ correct time filter
✓ short report http request
✓ report by project http request

PASS Tests\Feature\Schedule\OfficialScheduleTest
✓ correct date select
✓ correct vacation dates

PASS Tests\Feature\Schedule\RequestsTest
✓ shedule official validate
✓ shedule workers validate

PASS Tests\Feature\Schedule\WorkersScheduleTest
✓ simple

Tests: 21 passed
Time: 41.12s
```

Рисунок 5. Результаты выполнения автоматических тестов artisan

Тестирование средствами Postman

POST	Authentication	{{baseUrl}}/api/login	/ Users / Authentication
	Pass	Response valid	
	Pass	Authenticated	
POST	Unauthorized	{{baseUrl}}/api/login	/ Users / Unauthorized
	Pass	Response valid	
	Pass	Access denied	

Рисунок 6. Тестирование аутентификации

POST	Token generation	{{baseUrl}}/api/token	/ Tokens / Token generation
	Pass	Response valid	
	Pass	Generated	
GET	Read all authorized user tokens	{{baseUrl}}/api/token	/ Tokens / Read all authorized user tokens
	Pass	Response valid	
GET	Read an authorized user tokens	{{baseUrl}}/api/token/report-service	/ Tokens / Read an authorized user tokens
	Pass	Response valid	
PUT	Edit token	{{baseUrl}}/api/token/report-service	/ Tokens / Edit token
	Pass	Response valid	
	Pass	Edit success	
DELETE	Deleting a token	{{baseUrl}}/api/token/report-service	/ Tokens / Deleting a token
	Pass	Response valid	
	Pass	Deleted	

Рисунок 7. Результаты тестирования управления токенами пользователей

GET	Short report	{{baseUrl}}/api/report/hours/short	/ Report hours / Short report
	Pass	Response valid	
GET	Report hours by project	{{baseUrl}}/api/report/hours/project	/ Report hours / Report hours by project
	Pass	Response valid	
GET	Official schedule	{{baseUrl}}/api/schedule/official	/ Schedule / Official schedule
	Pass	Response valid	
GET	Workers schedule	{{baseUrl}}/api/schedule/worker	/ Schedule / Workers schedule
	Pass	Response valid
